

Register with Selective Service

Your Free Application for Federal Student Aid (FAFSA) was not processed due to lack of Selective Service information. Most male students must register with Selective Service to receive federal aid. **Please log back into your FAFSA and select "Register Me" for item 22.** This is the most efficient way to allow your FAFSA to proceed with processing. If you have not reached your 18th birthday, FAFSA will automatically forward your name to the Selective Service to be registered at that time.

The registration of young men in the Selective Service System preserves America's ability to provide manpower in an emergency to the U.S. Armed Forces (Army, Navy, Air Force, Marines or Coast Guard). Almost all men ages 18 through 25 must register.

If you do not believe you need to Register with Selective Services, please check an option below and remit this form along with any applicable documentation to our office for review.

I certify that I am not registered with Selective Service because:

- I am female
- I am in the armed services on active duty (you will need to show your active duty orders and military ID card)
- I am a Veteran (you will need to show your DD-214 and military ID card)
- I have not reached my 18th birthday
- I was born before 1960
- I am a resident of the Federated States of Micronesia, or the Marshall Islands, or a permanent resident of the Trust Territory of the Pacific Islands (Palau)
- I am a non-US male who came into this country for the first time after his 26th birthday.
(For this selection, you must show date of entry stamp on passport, I-94 with date of entry stamp on it, or a letter from the U.S. Citizenship and Immigration Services indicating the date that you entered the United States. If you entered the U.S. illegally after your 26th birthday, you must provide proof that you were not living in the U.S. from age 18 through 25. A Resident Alien Card- Green Card – is not valid as proof of the date of entry to the U.S.)
- I am a non-U.S. male on a valid non-immigrant visa.
(For example, if you entered the United States with an F-1 student visa and remained in that status until your 26th birthday, you would need to provide documentation indicating that you were admitted on an F-1 visa and attended school full-time as required. Acceptable documentation for this situation include a copy of your I-20 form or a letter from the school you attended indicating your full-time attendance as a non-immigrant alien. The same thing applies for all non-immigrant statuses.)
